SMARTSPOT

57989/17/16

The smart combination of light and design

This surprising tri-spot light sits flat against its polished metal surround. Pull one of the edges, however, and a neat wedge of metal attached to a pivot swings out through 55° to direct the light to a specific area or corner of the room.

Advanced LED light

- Warm white light effect
- High light output
- Dimmable
- Fabulous flexibility

Sleek designed recessed spots

- Sleek and discreet designs
- Premium material, built to last

Sustainable light solutions

- Extremely long life
- Saves up to 80% energy

PHILIPS

Highlights

Dimmable

Adjustable light intensity with dimmer switch. This makes Philips SmartSpot lighting fixtures ideal for highlighting a feature or creating an ambience for any occasion, whether a cosy meal à deux or chilling out with family and friends in your living room or offering functional light in corridors for example.

Extremely long life

Extreme long-life with reliable performance. Philips SmartSpot lighting fixtures are based on high power LED lights that last up to 20,000 hours, while providing their best light output.

Fabulous flexibility

Philips SmartSpot is an advanced light source that puts you in full control of your home lighting. Many pieces rotate freely, allowing you to direct the light to where you need it most.

High light output

High-quality light with strong light output (7.5 W provides 350 Lumen). The light shines in a beam angle of 40° - the perfect angle for spot lighting.

Premium material

Philips SmartSpot lighting fixtures are constructed from high quality materials like die-cast aluminium.

Saves up to 80% energy

Every Philips SmartSpot lighting fixture conserves energy, helping you to save money on your electricity bills and do your bit for the environment.

Sleek and discreet designs

These modern lamps with recessed styles are sleek and discreet, and fit perfectly into ceilings with no jutting edges or awkward shapes to distract from the décor of your room.

Warm white light effect

Philips SmartSpot LED uses the very latest LED lighting technology with the new warm white state-of-the-art high power LEDs providing a beam of light with a colour temperature of 2700 Kelvin.

Energy

For many years Philips has pro-actively been working on energy efficiency. As a result, most Philips products have achieved green energy labels. The greener the label, the lower the energy consumption, the lower your energy bill and the friendlier for the environment.

Specifications

Design and finishing

- Material: aluminium
- Colour: matt chrome

Extra feature/accessory incl.

- Dimmable
- LED integrated
- Adjustable spot head
- Defined light beams

Product dimensions and weight

- Length: 12.5 cm
- Width: 12.5 cm
- Net weight: 0.810 kg
- Recessed distance: 9.0 cm
- Cut out length: 11 cm
- Cut out width: 11 cm

Technical specifications

- Mains power: Range 220 V–240 V, 50-60 Hz
- Bulb technology: LED, DC, MAX. 10.7 V
- Number of bulbs: 1
- Wattage bulb included: 6.5 W
- Light colour: 2700K warm white
- Lamp lifetime up to: 20,000 hrs

- Beam angle: 35°
- Total lumen output fixture: 270 lm
- Fixture dimmable
- LED
- Built-in LED
- IP code: IP21, protection against objects bigger than 12.5 mm, protection from vertically dripping water
- Class of protection: III — safe extra low voltage
- Light source equivalent to traditional bulb of: 52 W

Service

- Warranty: 2 year(s)

Packaging dimensions and weight

- Height: 17.8 cm
- Length: 15.3 cm
- Width: 11.8 cm
- Weight: 1.120 kg

Miscellaneous

- Especially designed for: Living Room and Bedroom, Kitchen
- Style: Functional
- Type: Recessed spot light
